

SOUTH CAROLINA AEROSPACE CONFERENCE & EXPO

B2B BUSINESS TO BUSINESS MATCHMAKER

The South Carolina Department of Commerce is pleased to host the B2B Supplier Matchmaker portion of the SC Aerospace Conference and Expo. The matchmaker is an opportunity for aerospace suppliers to connect with OEMs and Tier 1 suppliers.

OEMs and Tier 1 companies evaluate their supply chains for best quality, delivery, and value, while suppliers seek the opportunity to further serve the aerospace industry. The Aerospace B2B Matchmaker is an industry focused “speed-dating” event between procurement representatives and potential manufacturing suppliers.

OEM and Tier 1 participants have included such companies as Boeing, Lockheed Martin, Curtis-Wright, GKN, Wyman Gordon and Champion Aerospace.
